

## Using Prezi to Post Mashup Videos

Prezi is a web based presentation tool similar to PowerPoint except that you do not create slides a big prezi is created and you zoom in and out of the different levels. Prezis can be downloaded, shared, embedded into blogs and websites. It is a great alternative to the traditional powerpoint.

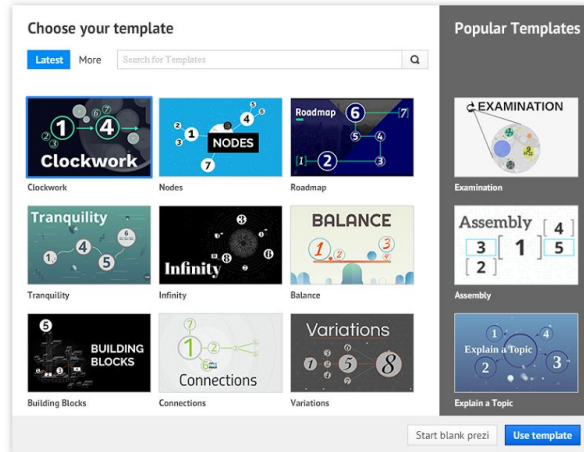

### Create a Prezi Account

In a web browser go to the following [www.prezi.com](http://www.prezi.com) click on sign up in the upper right hand corner, select the type of account (purchase or free), fill out the form agree to the terms of use and click on Register and Continue. You should come to the welcome screen where you will have the option to watch a video or other Prezis. You are now ready to start using Prezi.

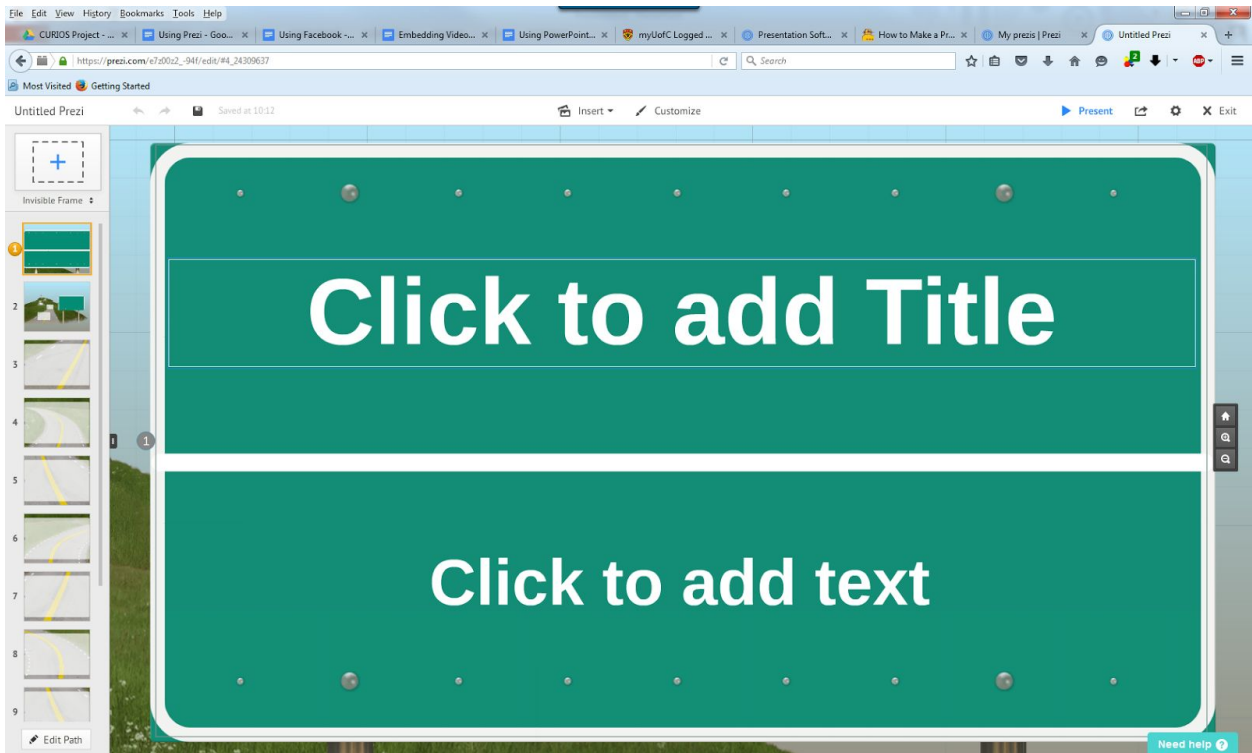

### Click on Create a New Prezi

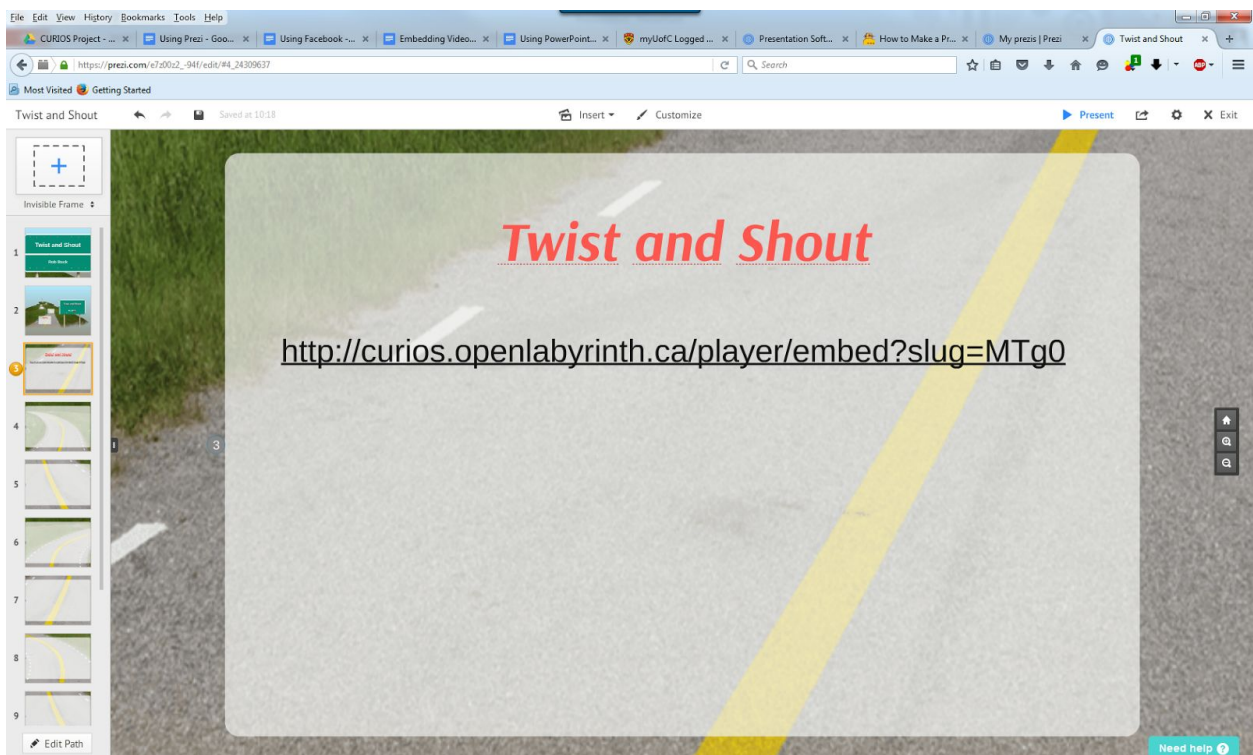

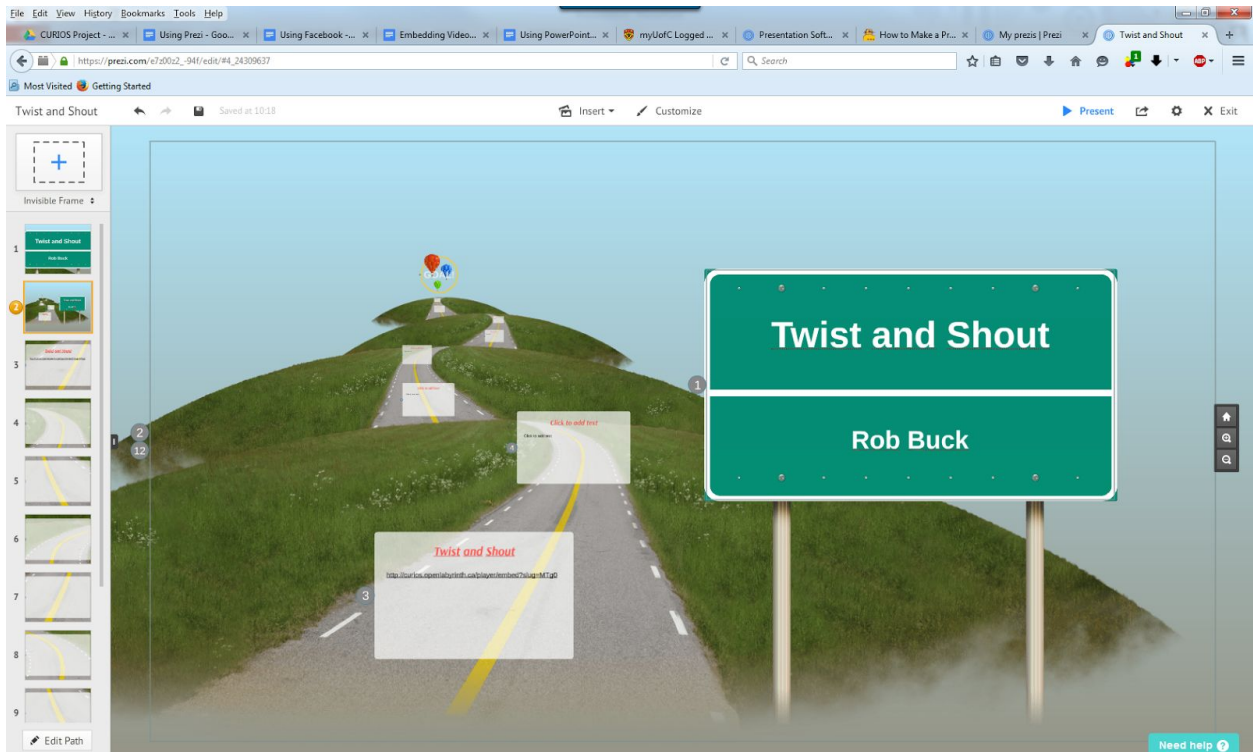

The screenshot shows the Prezi dashboard interface. At the top, there is a navigation bar with the Prezi logo and links for 'MY PREZIS', 'EXPLORE', and 'LEARN & SUPPORT'. A 'Create a new prezi' button is prominently displayed in the center. Below this, the main content area is titled 'All prezis' and features a search bar. On the left, there are filter options: 'All prezis', 'Created by me', and 'Shared with me'. A 'FOLDERS' section shows a 'New folder' option. The main content area displays a featured Prezi titled 'EDER 735.05/635.04' by Rob Buck, dated 1 October 2014. The Prezi thumbnail shows a world map with various locations marked. At the bottom, there is a footer with links for 'PRODUCT', 'COMPANY', 'CAREERS', 'SUPPORT', 'COMMUNITY', 'CONTACT', and 'APPS', along with language options: 'ENGLISH', 'ESPAÑOL', '한국어', '日本語', 'DEUTSCH', 'PORTUGUÊS', 'FRANÇAIS', 'MAGYAR', and 'ITALIANO'. The footer also includes the copyright notice '© 2016 Prezi Inc. Terms'.

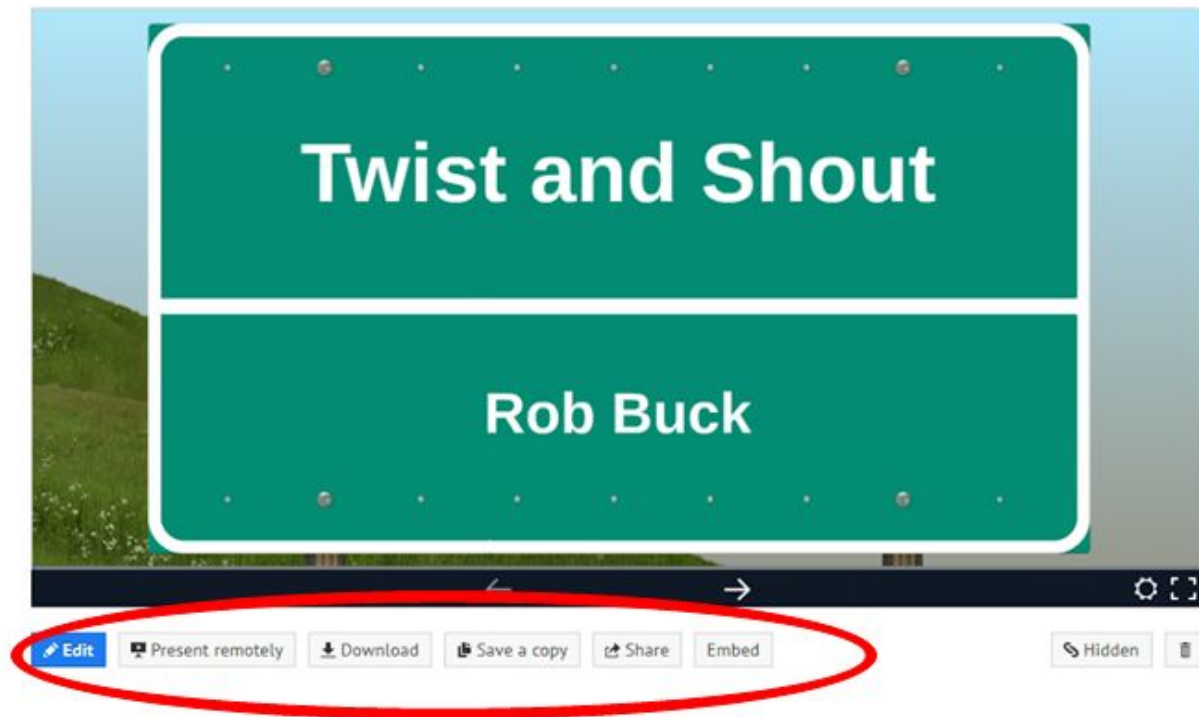

Here you can choose a template or start a blank Prezi

Start adding your material to Prezi. YouTube videos can be inserted into a Prezi as well as images and videos that you upload yourself however a link to the CVM URL is by far the easiest option.

Clicking on the Blue Present will start the Prezi

Again, you share, embed, download, and present remotely with Prezi.
